

Expedited Healthcare

We've upgraded your QuikCare Platinum program to provide you with even better access to expedited healthcare. We've added five additional specialties, two additional diagnostic tests, surgeries, and addiction treatment to help you avoid wait times. You can get treatment in days or weeks, compared to months under normal circumstances.

Designed specifically for LiUNAcare Local 183 members, this upgraded program allows you access to all the diagnostics and specialists currently available to you, plus a variety of new services.
