EMERGENCY OUT-OF-PROVINCE MEDICAL COVERAGE

Each Canadian province provides a provincial medical plan with comprehensive benefits for hospital confinement, the service of medical doctors and other health practitioners, ambulance services, etc. In many cases, the benefits provided by these plans will pay all, or almost all, of the expenses you incur in your home province. (Note: In this Plan, **"province"** also refers to a **"territory"** of Canada, where applicable; **"you"** and **"your"** includes the Insured Members and their eligible dependents.)

When you are outside your province of residence and require these services, your provincial medical plan will usually make a payment towards your expenses; but that payment is usually limited to the amount that would have been paid for the same service in the province in which you reside. Unfortunately, there is often a considerable difference between the cost of these services outside your province of residence and the amount allowed by your provincial medical plan, which you would have to pay yourself were it not for this valuable benefit.

This Plan provides extensive coverage for many services rendered outside your province of residence. It is important to note that such expenses are covered provided that they were unexpected and of an emergency nature.

ELIGIBILITY

All current Insured active Members/Retirees in the Construction Division, Industrial Division and the Retiree Division in benefit, who are under the age of 100 and their eligible dependents whose names are on file with the Policyholder.

PERIOD OF COVERAGE

You and your dependents are covered while outside your province of residence for such reasons as business or vacation. Expenses incurred by you are not covered in the event that you had left the province for the purpose of obtaining medical treatment, (except as indicated under the Referral Services benefit).

Trips are limited to a maximum of 90 consecutive days.

EMERGENCY COVERAGE FOR HOSPITAL, MEDICAL AND THERAPEUTIC SERVICES OUTSIDE PROVINCE OF RESIDENCE

When injuries or sickness result in emergency hospitalization, medical or therapeutic services, the Company will pay benefits for the period this contract is in force, not to exceed the maximum benefit amount shown below for the actual expenses incurred outside your province of residence that exceed the amount which is payable with respect to such expenses under any government hospitalization or medical care plan in your province of residence (GHIP), or if you are not covered under any such plan, to the extent that they exceed any amount which would be payable with respect to such expenses under the provincial medical plan if you were covered under any such plan

Benefit maximum amount reduces as follows:

Under age 80 - $ 5,000,000 per trip maximum
Age 80 to 99 - $ 2,500,000 per trip maximum

Coverages terminates upon attainment of age 100.

HOSPITAL CONFINEMENT

Benefits are payable for confinement as a resident in-patient in a hospital, including semi-private accommodation and charges made by the hospital for services and supplies rendered by such hospital and provided for use during such confinement.
